Wishes for Health Care: Short Form

Completion directions

Do I have to complete this Advance Directive?

No. You may complete it today or at a later date, or you can decline to complete it. However, completing this form will help make sure you get the care you want. Putting your choices in writing helps loved ones know if they're doing what you would want.

What information am I being asked for?

Question 1: This question is about your health care "agent." An agent is also known as Healthcare Power of Attorney. Your agent is someone you choose to speak and make health care decisions for you if you cannot. Consider naming a family member or friend who knows you well and understands your values. **Showing your agent this document and talking about it with him or her is important.** Make extra copies to share with your health care agent, health care providers, and other important people in your life.

Question 2 *(Optional):* This question is about health care and other wishes you may have. You may be as specific or general as you like. You may include:

- your goals, values, and preferences about medical care
- the types of medical treatment you would want or not want
- how you want your agent or agents to decide
- where you would like to receive care (such as at home or a hospital)
- whether or not you would like to donate your organs, tissues, and eyes

North Dakota: Notary or 2 adult witnesses are required. A witness cannot be: (1) the Health Care Agent; (2) the principal's spouse or heir; (3) a person related to the principal by blood, marriage, or adoption; (4) a person entitled to any part of the Estate of the principal upon the death of the principal under a will or deed; (5) any other person who has any claims against the Estate of the principal; (6) a person directly financially responsible for the principal's medical care; or (7) the principal's attending physician. Montana: Two adult witnesses must observe your signing of the form and then sign the form themselves. This document does not have to be notarized. Friends, acquaintances, and business associates can serve as witnesses during the signing. While Montana law allows family members to be witnesses, you may choose not to have relatives as witnesses to avoid questions of impartiality.

What should I do after I complete this form?

Tell the people you named as your primary and alternate health care agents, if you have not already done so. Make sure they feel able to do this important job for you in the future. Give a copy of the completed form to your health care provider. Keep additional copies for your records and to share with your health care agents and family or others as you wish.

Who can I talk with if I have questions?

Your health care provider can answer your questions or concerns. He or she may refer you to an Advance Care Planning Facilitator for help.
